OCEANOLOGIA ET LIMNOLOGIA SINICA
(Haiyang Yu Huzhao)
Vol.51 No.3, May, 2020
CONTENTS

Foreword .............................................................................................................................................. XU Kui-Dong (433)
Speces Diversity and Faunal Characteristics of the Order Actiniaria (Cnidaria: Anthozoa) in the Seas of China
.................................................................................................................................................................. LI Yang, XU Kui-Dong (443)
Analysis on Diversity and Potential Recovery of Scleractinia Corals in the West Bank of Yalong Bay
..................................................................................................................................................................... HUANG Ding-Yong, LI Yuan-Chao, WANG Jian-Jia, ZHENG Xin-Qing (455)
Spatial Distribution Pattern of Macrobenthos Feeding Functional Groups in the Yellow Sea
................................................................................................................................................................... PENG Song-Yao, LI Xin-Zheng, XU Yong, YAN Jia, WANG Hong-Fa, ZHANG Bao-Lin (466)
Food Web Structure of Macrobenthos in the Intertidal Zone of Yangma Island, Yantai, China
................................................................................................................................................................ LIU Chun-Yun, JIANG Shao-Yu, SONG Bo, YAN Lang, ZHANG Jian-She, LI Bao-Quan, CHEN Lin-Lin (476)
The Succession of Macrobenthic Functional Groups in Changjiang River Estuary and Its Adjacent Waters
.................................................................................................................................................................... HE Liu-Zhen, SHOU Lu, LIAO Yi-Bo, TANG Yan-Bin, LIU Qiang, LIU Qing-He, CHEN Quan-zheng, GAO Ai-Gen (483)
Community Composition and Diversity of Macrobenthos Trawled in Hangzhou Bay and Sanmen Bay
............................................................................................................................................................. YAN Run-Xuan, HAN Qing-Xi, WANG Xiao-Bo (493)
Effects of Sediment Fining on Benthic Macrofaunal Community in Subtidal Amphioxus Habitats in Xiamen
.................................................................................................................................................................. CHEN Bing-Wen, CAI Li-Zhe, RAO Yi-Yong, LI Wen-Jun, CHEN Xin-Wei, FU Su-Jing, PENG Wen-Qing, ZHENG Bin (505)
Effect of Spartina alterniflora Invasion on Community Structure of Macrobenthos in Sansha Bay, Fujian
................................................................................................................................................................. HUANG Ya-Qin, WANG Jian-Jun, HE Xue-Bao, LIN He-Shan, LIN Jun-Hui, MOU Jian-Feng, LIU Kun, ZHANG Shi-Yi, LI Zhong-Bao (516)
Community Structure of Macrozooobenthos and Environmental Quality Assessment in Littoral Zone of Chaohu Lake
................................................................................................................................................................. ZHAO Yong-Jing, WANG Hong-Zhu, CUI Yong-De (527)
On Macrozooobenthic Community and Its Relationship to Environmental Factors in Dishui Lake
................................................................................................................................................................ ZHAN Yuan, ZHANG Ying, HAO Xiang-Ju, LI Juan-Ying, CHEN Li-Ping, LIU Qi-Gen, HU Zhong-Jun (535)
Studies on the Resources and Habitat Seawater Environment of Haliotis ovina in Islands and Reefs in the South China Sea........................................................................................................... WANG Gong-Si, FU Xiang-Chao, HUANG Bo, LUO An (540)
Effects of GABA, Potassium Chloride, and Serotonin on Larval Survival, Settlement, and Metamorphosis of Abalone Haliotis ovina ..........................................................................................................................
Community Structure and Distribution of Meiofauna in Deep-Sea Areas of the Northwestern Pacific Ocean

Comparison in Meiofaunal Communities between Shelf and Slope of the Northern South China Sea

Study on Summer Meiofauna in the Northeastern South China Sea

Meiofaunal Community in Sandy Intertidal Zone and Its Environmental Response in Shuangtaizi Estuary, NE China

Study on Marine Nematodes Community in Jinhai Bay Mangrove Wetland, Beihai, Guangxi

Diversity and Community Structure of Benthic Ciliates in Sediments of Changjiang River Estuary and Its Adjacent Areas in Summer

Effects of Sedimentation of DNA from Overlying Waters on the Evaluation of Ciliate Molecular Diversity in Offshore Sediments

Phylogenetic Analysis Based on Partial 28s Rdna Sequence of Family Mytilidae in China

Two New Record Species of Chromadorita Filipjev, 1922 from China

Revision of Onuphis eremita Complex (Polychaeta, Onuphidae) from China Seas

Studies On Phyllidiidae (Heterobranchia, Nudibranchia) in the South China Sea

New Records of a Genus and a Species of Psychropotidae (Echinodermata: Holothuroidea: Elasipodida) from the South China Sea

Two New Records of Genus Ophiurothamnus (Ophiuroidea, Ophiacanthidae) from a Deep-sea Seamount of the South China Sea

Study on Ultrastructure of Pedicellariae of Three Genera in Family Echinothuriidae

封面图片说明：图片分别为采自东海岩礁的等指海葵 Actinia equina (Linnaeus, 1758)(李阳等，本期)、东海陆架的入江欧努菲虫 Onuphis irrirei Maekawa & Hayashi, 1999 (吴旭文等，本期)以及南海黄岩海山的短简汁蛇尾 Ophiurothamnus clausa (Lyman, 1878)(陈婉莹等，本期)。
